

Please consider these typical usage amounts in your normal daily activities. Extreme usage can result in your water and sewer bill increasing dramatically!

Activity	Typical Usage Amount
Showering	5 gallons per minute
Tub Bathing	36 gallons (full tub)
Toilet Flushing	6 gallons
Automatic Dishwasher	15 gallons
Washing Clothes	36-60 gallons per load
Outdoor Watering	8-10 gallons per minute

*The information in this table was taken from the U.S. Geological Survey.

Keep these amounts in mind during your typical daily activities.
Conserve water and save money on your monthly utility bill!
